

# Guam Recycling Guide

Here's a quick and easy guide to finding the right place to dispose of your household or business recyclable and hazardous waste. Some of these facilities will pay you, some will take your waste for free, and some will charge, depending on the type of waste. Facilities and services offered may change; call the company or call Guam EPA or visit our Web site for the most up-to-date list.

Triple Star Recycling Harmon, 648-2910/11								
Unitek Environmental Agat, 565-3151								

## Be safe with hazardous waste.

Common household items such as paint, used oil, pesticides, batteries, cleaning products, solvents, and fluorescent light bulbs contain toxic chemicals. This **household hazardous waste** should not be thrown away with your regular trash. Contact the facilities listed here for safe disposal options or call Guam EPA to find out about upcoming free collection events and programs.

## Consider the alternatives.

Look for opportunities to use less toxic products for regular household cleaning tasks. For example, you can make **glass cleaner** by mixing 1 tablespoon vinegar or lemon juice in 1 quart of water. Spray on and use newspaper to wipe dry. For more suggestions, visit our Web site.

**For more information,** visit our Web site or contact Guam EPA at **475-1658/59**.

## Reduce.

Source reduction is the first step to limiting the amount of waste we generate. By **preventing waste** before it starts, we can conserve resources, reduce pollution, and help cut waste disposal costs. Start by choosing products with less packaging or buying in bulk.

## Reuse.

Consider **reusable products** instead of disposable items. Reuse bags on your next trip to the store, use empty glass jars to store leftovers, and sell or donate goods instead of throwing them out.

## Recycle.

Start separating waste at home and at the office. Compost food scraps and green waste. Use this guide to **take action** and encourage others to do the same.

# Don't waste Guam's future.

Love your Island. Show your Love.
